

Christmas tree decorations

The workbench

- Ice cream container
- Oil based paint
- Scissors
- 1 peg per child
- Paper
- Self laminating sheets
- String
- Plastic gloves
- Hole puncher
- Paint brush or stick

Step 1.

Fill the ice cream container with water, then drizzle oil paint over the water with a stick or paintbrush; the paint will float on top of the water. Place a peg on the end of the paper to hold onto while placing the paper flat on top of the water, then allow to dry for 24-36 hours.

Step 2.

Cut the dry paintings into various shapes and place inside the self-laminating sheets then close and seal the paintings before cutting around the shapes in the laminating sheet.

Step 3.

Hole punch a hole at the top of the shapes, and thread through cut to length string. Hang on your Christmas tree.
