

Giant sweets

The workbench

- 1 toilet roll per giant sweet
- Sweets to put inside
- Thin tinsel
- Metallic wrapping paper
- 2 small elastic bands per giant sweet
- Colored paper
- Semco dimensional paint (craft retailers) or colored markers
- Sticky tape

Step 1.

Place the sweets inside the toilet roll, then cut a piece of wrapping paper big enough to wrap around the toilet roll and so there is 3 inches on either side of the toilet roll to make the ends of the giant sweet.

Step 2.

Wrap the wrapping paper around the toilet roll and secure with sticky tape. Twist the ends of the paper and secure with an elastic band, and then tie a length of tinsel around both ends.

Step 3.

Cut a rectangle shape out of the colored paper large enough to fit on the side of the giant sweet. Write the child's name onto the paper using the dimensional paint or a colored marker; once dry sticky tape it onto the side of the giant sweet.
